FARMVILLE.

The Saturday crowds in our town are something wonderful. know of no other place in Virginia where they are so great. The streets are filled and so the stores, and most everybody seems to be happy. Merchants, of course, are in a good humor the live long day. A certain number of prominent farmers from the surrounding country are always to be found in the crowd. They enjoy the day, a good dinner and for all I know a little dispensary dip.

Miss Cory Price, who spent the summer in Farmville, has returned to Woman's College, Columbia, S. C., of which she is matron.

Miss Cleveland, of Glasgow, will have her musical studio at Mr Berkley's for the coming session.

Miss Mary Berkley has returned to her work at the Miller school.

The good hotels in Farmville and all doing well. When we have one poor one it was badly patronized. No one need ever hope to make money keeping an indifferent hotel. They never did pay and ought not too.

A lady visitor was heard to remark. "Farmville is the most attractive town I visit. I find no such side walks and no more city luxuries than I find here." And this lady travels and knows a good thing when she sees it. The old bug is improving but the increase of population doe'nt keep pace with other advances. We have three banks where we only had one before but we have'nt three people where we only had one before. And we might encourage new comers by having new business.

Mrs. Ellen Jones, who spent the summer at her home at Hampden Sidney, has returned to town for the winter with Miss Charlie, her daughter, who is yet to complete her course at the Normal. Miss Frankie, her other daughter, will teach in Giles county.

Mrs. C. A. Price has come in from the country with her four children for the schools. She gives up a delightful country home, but the children must be educted. It is to be regretted that we have'nt a good high school in each community. Old mother Virginia is no doubt doing her best and the people are responding. None of us appreciate what sacrifices are involved in sending these girls to the Normal, and the same is true of all the schools. Fathers and mothers are working at one end of the line and how the girls and boys should labor at the other end.

President Jarman, of the Normal, has spent the summer at home, but if he had travelled far and near, he could not have found a more delightful home than the one in which he lives here. The State has spared no expense in the building of it and it is simply ideal. Drs. Messenger, Milledge and Snow, of the faculty rent their homes and the others all board. Miss Whiting, one of the most gifted members of the faculty will board for a time in the country home of Mr. W. W. Jackson with the hope of building up her strength.

Since the papers record day by day deaths by the automobile I am disposed to congratulate our people that we have but one and that of diminutive frame and modest build. I hope it will never get wild and do harm.

To the great satisfaction of us all Capt. Hunt is still in charge of our military company. We can't afford to give him up. His presence at the head of the boys in Onancock would have saved the State much money and the community freedom from harm. A look upon the Farmville Guards is her best friends. Once a year the soldier boys should be the guests of the town on an attractive outing.

Our court docket is again wonderfully light. Somehow our people have lea ned to do without the luxury of litigation. And yet our lawyers look fat and saucy.

Our Clerk of the Court is only 22 years old. The youngest Clerk I suppose in all the country. Mr Branch Worsham, whom I remember as a gentleman of the old school, held the position as I have been told, for 60 years.

Fruit is so scarce that the "small boy" enjoys green apples. But was there ever a time the "small boy" did'nt enjoy green apples? All mothers will unite in saying "no."

Our new post office is now occupied and with the new boxes and other conveniences Mr. Garnett congratulates himself that he gives the patrons better service. The growth of our mails is something wonderful. Cheaper postage increased the revenues of the department and I believe cheaper rates on the railroads will increase their profits too.

Mr. Fort, who addressed the farmers at their recent picnic, said that since the formation of the tobacco association, tobacco that had been averaging four dollars per hundred had since averaged ten dollars. That's something worth fighting for and he added that it meant better homes, better clothing and freedom from debt. Politicians would'nt have accomplished that in a century. The wonder to me is that all tobacco growers are not active members of the Association. The farmers of this country are all powerful if they will only touch elbows. Even trusts would yield in face of their combined onslaught and the "big stick" would become a thing of small moments.

Cotton has long been known but after all labor is really king if it would assert its majesty.

I heard one of our Virginia housekeepers say the other day that she had fifteen gallons of preserves for next year against forty-five for last year. Fifteen sounded big for me when sitting at her table at the time and it was supplied with cherry, peaches, marmalade and honey. I had been studying about the Jews on the way to the land of Promise and took the honey. More sweets and less of meats ought to be the rule.

The new Normal girls begin to look at home in Farmville and those of past sessions seem to be glad to get back.

I am informed that 170 students are expected at old Hampden Sidney. There is life in the old school yet.

Chamberlain's Cough Remedy One of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicine in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by J. R. Atwood, Appomattox; R. J. Carter, Prospect; E. F. Glover, Evergreen.

Lame Back.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords a prompt and permanent relief. Mr. Luke La Grange, of Orange, Mich., says of it: "After using a poaster and other remedies for three weeks for a bad lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by J. R. Atwood, Appomattox; R. J. Carter, Prospect; E. F. Glover, Evergreen.

George Fred Williams is back from Europe, and we shall know soon all about what's the matter with everything.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It need to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. The usual quiet of the village here was disturbed when six German wo men who had left Avonia and were heading for "the West" were brought back through here on their way back to the State quaries. I wonder just what these foreigners think of the way Americans treat them. If we were in Germany or Italy, we would appeal to the American Consul if we were treated in this way, and what would Uncle Sam and his chief executive, Mr Teddy R., do about it.

Our Correspondents relate the News of the County.

Glenfall.

Every man, woman and child, seems to be leadiag a strenuous life. Saving the tobacco crop before the equinoctial storms, is one thing to be accomplished. The scarcity of labor on one hand and the indiference of the same on the other, is so discouraging, that the poor farmer is worked beyond his strength to save what he has made by hard licks from the start. The corn and tobacco crops seem very satisfactory, as it has been unusually seasonable in this community. Many of our farmers sold primings at the warehouse at Appomattox, and all seemed pleased. Surely a market at home is a great saving of time and expense, and should be, and doubtless will be largely patronized.

The quarterly meeting at Harmon Saturday last was largely attended and was a most enjoyable and profitable occasion. The luncheon on the grounds was ample and delicious and all did justice to it.
